

Enhanced MARC Editor Tooltips

A screenshot of the MARC Editor interface. A tooltip is displayed over the 'Cont' field, which contains the value 'a'. The tooltip lists several options for the 'a' value:

- a** : Input value "a " unknown
- : Not specified
- 2**: Offprints
- 5**: Calendars
- 6**: Comics/graphic novels
- a**: Abstracts/summaries

The 'a: Abstracts/summaries' option is highlighted with a red rectangular box. Below the tooltip, the 'Cont' field is visible with the value 'a' and a vertical cursor. To the right of the field is a 'G Pub' button.

A screenshot of the MARC Editor interface. A tooltip is displayed over the 'Ills' field, which contains the value 'a'. The tooltip lists several options for the 'a' value:

- a** : Input value "a " unknown
- : No Illustrations
- a**: Illustrations
- b**: Maps
- c**: Portraits
- d**: Charts

The 'a: Illustrations' option is highlighted with a red rectangular box. Below the tooltip, the 'Ills' field is visible with the value 'a' and a vertical cursor. To the right of the field is a 'Fest' button.
