Milestones

Mozilla   » Milestones

Milestones belong to a series and can be created from the series page by a project owner or series release manager.

Version / Milestone	Series	Expected	Released	Summary
🕐 pre1	0.47x	None		not yet released
		None		not yet released
	0.49x	None		not yet released
🕐 pre2	0.47x	None		not yet released
	04.8x	None		not yet released
	0.49x	None		not yet released
🕐 beta	0.1x	2009-01-01		inactive
	0.2x	2009-05-		inactive
	0.3x	2009-10-		inactive
	0.47x	None		not yet released
	04.8x	None		not yet released
	0.49x	None		not yet released

https://launchpad.net/mozilla/+milestone/pre1

https://launchpad.net/mozilla/+series/0.49x/+milestone/beta

For a project group with lots of milestones and many series in a re-used milestone, the wrapping may cause the page to grow quite long, which may require the introduction of pagination, which currently is not done on this page. Pagination will not be done in this bug fix.

When targeting to a bug it is no longer possible to simply list the milestone name as it is not unique. The milestone will need to be shown as the tuple (series, milestone). Even if a milestone is not duplicated across multiple series the name will be shown as the tuple.
