Dear Just,

Thank you so very much for all your hard work in compiling the Vecht family Tree.

**You can please add on the newest addition born on Friday 3rd August, 2012 - a daughter 'Maya Freya Levitt' to my neice Natalie (Bryk) and her husband Saul Levitt - their first born.** TG Mother and baby all well. Natalie is the daughter of my brother Raymond and wife Joanna Bryk.

Although I have not read the tome you have so wonderfully produced, Raymond had a quick scan, and tells me he noted that my birthdate and that of Derek, my husband were incorrect (I do not mind being younger, but actually I am older than Raymond!) I was born on 30/5/1942 and Derek on 20/11/1935. Also Raphael Bryk is 6 not 7.

I hope to read it all properly in good time and am looking forward to keeping in contact with you and Judith.

Love and best

Cousin,

Irene Bluston.
